Be Part of Fairfield's Legacy

Thanks to the generosity of donors like you, the Carnegie Museum Foundation has completed a four-phase exterior renovation of this important community landmark.

Now, we're building on that progress with our next major project:

Historic Roof Restoration & Accessible Expansion
This project will restore the building's original roofline—bringing back a defining architectural feature lost in the 1940s—while also improving accessibility and safety through a thoughtfully designed addition.

Planned improvements include:

- A modern stairwell and fire escape
- Access to the attic space
- ADA-accessible restrooms on every floor

Originally built in 1893 without indoor plumbing, the Carnegie was never designed for today's accessibility needs. This project allows us to honor its history while ensuring it can serve our entire community for generations to come.

Be Part of Fairfield's Legacy

As a 501(c)(3), the Carnegie Museum Foundation depends on donors like you to protect both our extensive artifact collection and our greatest artifact of all: the building itself.

Your gift ensures that history lives on for generations.
